## Definitions

In this **Covid-19 Risk Assessment**, unless the context otherwise requires, the following expressions shall have the following meanings:

- I. **'The Romero Catholic Academy'** means the Company named at the beginning of this **Covid-19 Risk Assessment** and includes all sites upon which the Company is undertaking, from time to time, being carried out. The Romero Catholic Academy includes; **Corpus Christi, Good Shepherd, Sacred Heart, Blue Sky, SS Peter and Paul, St Gregory, St John Fisher, St Patrick, Cardinal Wiseman, Shared Services Team.**
- II. **'Romero Catholic Academy'** means the Company responsible for the management of the Academy and, for all purposes, means the employer of staff at the Company.
- III. **'Board'** means the board of Directors of the Romero Catholic Academy.
- IV. **'Chair'** means the Chair of the Board or the Chair of the Local Academy Committee of the Academy appointed from time to time, as appropriate.
- V. **'Clerk'** means the Clerk to the Board or the Clerk to the Local Academy Committee of the Academy appointed from time to time, as appropriate.
- VI. **'Catholic Senior Executive Leader'** means the person responsible for performance of all Academies and Staff team within the Multi Academy Company and is accountable to the Board of Directors.
- VII. **'Diocesan Schools Commission'** means the education service provided by the diocese, which may also be known, or referred to, as the Birmingham Diocesan Education Service.
- VIII. **'Local Academy Committee'** means the governing body of the School.
- IX. **'Academy Committee Representatives'** means the governors appointed and elected to the Local Academy Committee of the School, from time to time.
- X. **'Principal'** means the substantive Principal, who is the person with overall responsibility for the day to day management of the school.
- XI. **'School'** means the school or college within The Romero Catholic Academy and includes all sites upon which the school undertaking is, from time to time, being carried out.
- XII. **'Shared Services Team'** means the staff who work in the central team across the Company (e.g. HR/ Finance)

## Introduction

Coventry's Partnership of schools agreed a collaborative and consistent approach to secure the safe re-opening of schools across the City as set out in 'Coventry Schools Covid-19 Re-set and Recovery Plan' in May 2020. On 2<sup>nd</sup> July 2020 guidance for the full reopening of schools to all pupils from September 2020 was published. This was revised on 22<sup>nd</sup> February 2021:

- [Schools Coronavirus Operational Guidance February 2021 full re-opening](#)
- [Guidance-for-full-opening-special-schools-and-other-specialist-settings](#)

*These changes are fully reflected in this guidance and risk assessment.*

In preparing and reviewing this guidance the Local Authority has had regard to advice from both the Health and Safety Executive and Government. It has noted that the Government has made explicit within the guidance those actions that are statutory, those actions that MUST be undertaken (Public Health Advice) and those that are advisory (for consideration) if it is reasonably practicable to do so.

It is made clear that Government advice "does not supersede any legal obligations relating to health and safety, employment or equalities and it is important that as an employer you continue to comply with your existing obligations". Consequently, Health and Safety Legislation continues to take precedence.

### **This risk assessment guidance:**

- Sets out the current context and statutory health and safety obligations as at March 2021
- Reflects the relevant principles set out in Coventry schools Covid-19 Re-set and Recovery Plan
- Sets the national and local context for conducting a risk assessment to reduce transmission of a disease within school
- Provides an exemplar risk assessment (revised) that can be adopted and adapted to any educational setting
- Provides a template to record a risk assessment method statement – setting out safe methods of working (control measures), which all staff should read, understand and sign
- Incorporates hyperlinks to sources of helpful information and resource

**What is the risk?** Covid19 is an infectious disease recognised internationally as a pandemic, the transmission of which must be controlled. The foreseeable risk in re-opening schools, is the potential transmission of Covid19 between members of the school community and consequently the wider community. This risk assessment therefore focuses on actions that are reasonably practicable to implement, that will reduce the risk of transmission of Covid19 as a consequence of re-opening schools to all pupils and staff, recognising that the virus is in general circulation and the risk is significantly lower than in the Spring/early Summer of 2020

**Who is responsible?** The employer is responsible for making sure that risks, particularly the risks to staff and pupils, are managed so far as is reasonably practicable. For maintained schools the employer is Coventry City Council, for Academies it is the Academy Trust.

Whilst it is recognised that the employer cannot delegate the overall legal accountability for the health and safety of employees; the day-to-day running of the school including responsibility for the health and safety of staff and pupils is ordinarily delegated to the head teacher and school management team. ## Overview of actions required for safe working

- Put in place sensible approaches to minimise the risk of Covid19 transmission to staff, pupils and visitors whilst in school.
- Communicate the risks and required safe methods of working to all building users including parent/carer
- Ensure that staff (employees) have the relevant information and training to manage risks on a day to day basis, including access to competent health and safety advice where needed.
- Check that the control measures have been implemented and remain appropriate and effective.
- Ensure that the control measures are monitored throughout the day and reviewed where necessary.

## Key Message

Good health and safety is about keeping things simple, being proportionate and focusing on the real (substantive) risks. Procedures should be clear and concise with assessment of risk being practical. Good leadership is about getting the balance right on managing risk rationally, it is not about trying to eliminate it altogether.

## What Leaders need to do

- Ensure that the school is following the employer's health and safety policy and has effective arrangements for managing the health and safety risks at the school.
- Maintain effective communications with employers, governors, and the school workforce, and give clear information to pupils and visitors, including contractors, regarding any significant risks on site.
- Make sure that the staff have the appropriate training and competencies to deal with risks in their areas of responsibility.
- Consult and work with recognised TU safety representatives/employee representatives and safety committees.
- Consult and engage employees in the development of the risk assessment and ongoing review
- Make sure that staff understand their responsibilities and know how to access support and advice to help them manage risks responsibly.
- Provide visible leadership to the whole school so that staff feel motivated, supported and empowered to focus on the things that really matter.
- See: <https://www.hse.gov.uk/services/education/sensible-leadership/leadership-test.pdf>

## Locally Agreed Principles

Coventry schools Covid-19 re-set and recovery Plan' revised July 2020 set out agreed principles to secure the wider reopening of schools.

- The safety of everyone in school is paramount
- A consistent and co-ordinated approach and communication will be maintained across the Coventry school system
- Adherence to social distancing will be maintained as far as practicably possible in all classroom and school environments
- Best endeavours will be deployed to minimise the number of contacts staff and pupils have within school and ensure consistency in the groups pupils are placed within and staff teach/support
- School organisational planning will minimise the number of pupils that each staff member has contact with

## What we know

The World Health Organisation (WHO) confirms that data from published epidemiology and virologic studies provides evidence that COVID-19 is primarily transmitted directly from symptomatic people (those infected with Covid19 displaying symptoms) to others who are in close contact with the infected person. Respiratory droplets are passed on directly through coughing and sneezing, or indirectly by contact with contaminated objects and surfaces; where the virus may be transferred from the surface to the hand and then the face - eyes, nose or mouth. It is understood that people can be infectious before their illness starts. Therefore, to minimise the risk of transmission, settings must put into place effective infection protection and control. Ensuring appropriate social distancing in school, meticulous hand hygiene practice all serve to reduce risk significantly.

The balance of risk is now overwhelmingly in favour of children returning to school. For the vast majority of children, the benefits of being back in school far outweigh the very low risk from coronavirus (COVID-19)

**The hierarchy of controls:** if properly implemented will substantially reduce the risk of transmission of infection.

## These include:

### Exclusion

- Minimising contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, do not attend childcare settings, schools or colleges. Covid19 tests for symptomatic household member/s must confirm the outcome of the Covid-19 test if taken as soon as the results are known.
- Clinically vulnerable employees who are at higher risk of severe illness (for example, people with some pre-existing conditions as set out in the [staying at home and away from others \(social distancing\)](#) guidance should be supported in undertaking a Vulnerable Employee Risk Assessment (VERA) and reasonable adjustments made if necessary, which may include additional protections within the school environment or if possible working from home supporting the delivery of the curriculum for children unable to attend school as a consequence of self-isolation or local lockdown

### Hygiene

- A stringent cleaning regime should be in place [COVID-19: cleaning in non-healthcare settings](#). At the highest level this could follow the advice set out in: [Covid-19-decontamination-in-non-healthcare-settings](#)
- Frequent cleaning and disinfecting of objects and surfaces that are touched regularly (touch points), should be undertaken using standard cleaning products or antiseptic wipes, both of which kill the virus. This may require settings to enhance cleaning capacity. It should be recognised that cleaners and caretakers provide the frontline in protecting everyone in school, but health and safety is everyone's responsibility so cleaning tasks may be undertaken by any member of staff as appropriate.
- Socialising hygiene routines including regular hand-cleaning regimes - washing hands thoroughly for 20 seconds with running water and soap, drying them thoroughly or using alcohol hand rub or sanitiser ensuring that all parts of the hands are covered. Identify specific situations when additional handwashing is required
- Ensuring good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach with follow up handwashing and cleaning/wiping of any contaminated area followed by safe disposal of waste
- Maximise natural ventilation and access to the external learning environment

## Social Distancing

- Secure social distancing and/or minimise the range of contacts an individual pupil and member of staff have whenever practicably possible, through group designation, footfall management and planned supervised movement throughout the school building
- Regulate entry so that the premises do not become overcrowded at any point ensuring no 'pinch points' are experienced at ingress or egress
- Where it is possible to remain 2 metres apart, continue to use floor markings/signage to mark the distance and facilitate compliance, particularly in corridors, hand cleaning areas, toilets and internal and external communal break areas. Primary age children and those with cognitive functioning that makes social distancing difficult, can socialise with children within their designated group (bubble)
- Ensure the environment (such as classroom layout) and timetables are conducive with social distancing – remove all clutter and non-essential resources. Desks/tables where practicably possible should be forward facing – pupils should Avoid facing each other by sitting side by side.
- Minimise social contact by forming fixed groups of staff and children and avoiding movement between or blending of groups whenever possible. This may be a whole class group or if that is not possible e.g. secondary a whole year group. It is accepted that staff may have to deliver to more than one group, which is permissible, but contacts should be minimised and social distancing adhered to when possible.
- Where face-to-face contact is essential, this should be kept to 15 minutes or less whenever possible, contact should be side by side.
- Social distancing is not required in an emergency situation, e.g. medical emergency, fire evacuation etc. PPE should be used in a medical emergency if time permits (a first aid supply of PPE has been provided to all schools to secure an individual emergency situation, for example a sudden illness that may be Covid19 symptomatic of a child or staff member in school)

## Lateral Flow Testing

- Take active steps to identify asymptomatic cases within the school community, though the promotions of regular (at least weekly) community or on-site lateral flow testing for all staff and pupils year 7 and above, adhering to the [Mass asymptomatic testing: schools and colleges](#) safe operating procedures if based in school.

## Summary

These underlying principles are the key focus for organising all aspects of the school day and need to be built into the operational routine. A model Covid19 operational risk assessment was developed for City-wide use, which is pre-populated with generic safe methods of working. It was advised that if adopted, it would need to be adapted to each specific setting. The risk assessment template has been reviewed to reflect the changes in risk and necessary controls from September 2020 when all pupils return to school on a full-time basis, the Lockdown of January 2021 and the full reopening from 8<sup>th</sup> MARCH 2021. In addition to infection control, the risk assessment template and supporting resources extends to support additional health and safety considerations related to the consequences of Covid19 specifically:

- Securing provision for SEN – from September 2020 the provisions in a child's Education, Health and Care Plan must be delivered. This means that peripatetic support teachers and health therapists will be able to work within schools, by adhering to the schools visitors policy thereby balancing the risk of allowing external visitors into school with the duty of best endeavours to provide (school may adopt the LAs model policy for visiting professionals).
- Health and safety audit of the school building checklist – for use by class teachers (HSE) to ensure that the overall building is safe to use in terms of trips, falls, lighting, electricity hazards etc.

- Staff audit and recovery plans for absence of leadership, teachers, non-teaching staff, cleaners, first-aiders and DSL and response to local lockdown
- Maintaining communications with parents, staff, visitors and the general public
- Supporting the mental health and well-being of everyone in school
- Developing a recovery curriculum
- Developing a contingency plan to secure flexible support for home schooling, if a need arises as a consequence of group isolation, whole school isolation or local lockdown.

## Overview of Statutory Requirements – What you must do in law

Source: [Guidance-for-full-opening-special-schools-and-other-specialist-settings](#) )

### Prevention:

You **must** always:-

- 1) Minimise contact with individuals who are required to self-isolate by ensuring they do not attend the school.
- 2) Ensure face coverings are used in recommended circumstances.
- 3) Ensure everyone is advised to clean their hands thoroughly and more often than usual.
- 4) Ensure good respiratory hygiene for everyone by promoting the ‘catch it, bin it, kill it’ approach.
- 5) Maintain enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents.
- 6) Consider how to minimise contact across the site and maintain social distancing wherever possible.
- 7) Keep occupied spaces well ventilated.

### In specific circumstances:

- 8) Ensure individuals wear the appropriate personal protective equipment (PPE) where necessary.
- 9) Promote and engage in asymptomatic testing, where available.

### Response to any infection

You **must** always:

- 10) Promote and engage with the NHS Test and Trace process.
- 11) Manage and report confirmed cases of coronavirus (COVID-19) amongst the school community.
- 12) Contain any outbreak by following local health protection team advice

<b>2.2 Availability of Staff and Class Sizes</b>					
<p><b>The number of staff who are available is insufficient to safely teach classes in school, operate effective home learning schemes and safeguard children not in school</b></p>	L	<ul style="list-style-type: none"> <li>• The health status and availability of every member of staff is known and is regularly updated so that deployment can be planned.</li> <li>• Any staff member who is identified as clinically extremely vulnerable strongly advised by the NHS to stay at home and should be not be in school .</li> <li>• Staff members who are clinically vulnerable can work in school if it is not possible to work from home but must adhere to Covid-19 safety measures for their protection and the protection of others as set out in their VERA</li> <li>• Staff are aware of the current symptom checker for Covid-19, including high temperature, persistent cough and loss of taste and smell and understand that they are not permitted to attend school if they or a household member is symptomatic</li> <li>• All staff are aware of the testing procedure and know that they are required to report their illness or the illness of a household member immediately to enable testing to take place within 3 days of onset.</li> <li>• Full use is made of those staff who are self-isolating or shielding but who are well enough to teach lessons online.</li> <li>• Flexible and responsive use of teaching assistants and pastoral staff is in place to supervise classes under the direction of a teacher if required.</li> <li>• If classes in school cannot be delivered because is staffing capacity is depleted a blended model of home learning and attendance at school will be utilised temporarily, until staffing levels improve. Any temporary change in provision for vulnerable or critical worker children will be risk assessed against safeguarding criteria in consultation with partners, with a clear plan of return.</li> <li>• An appropriate hierarchy of deputisation is in place should a senior leader be unavailable. This might include external leadership capacity.</li> <li>• If a member of staff who has been identified as CEV needs to come to work to support their own mental health, a VERA must be in place and strictly adhered to. The staff member is accountable for following their VERA once controlled measures are in place.</li> <li>• Pupils can access relevant platforms for remote learning or teaching from home.</li> <li>• Weekly timetable of staff reviewed with consistent cover of staff for year groups.</li> <li>• Pastoral team to monitor all remote learning and attendance.</li> <li>• Small groups that need to mix for educational purposes will remain consistent</li> <li>• Where additional cover or support is required in classes, it is limited to staff within the phase and all other COVID guidance is still adhered to.</li> </ul>	Y		L

<b>7.1 Mental health concerns – pupils</b>					
<b>Pupils’ mental health has been adversely affected during the period that the school has been closed and by the COVID-19 crisis in general</b>	M	<ul style="list-style-type: none"> <li>• There are sufficient numbers of trained staff available to support pupils with mental health issues.</li> <li>• There is access to designated staff for all pupils who wish to talk to someone about wellbeing/mental health.</li> <li>• Wellbeing/mental health is discussed regularly in PSHE/pupil briefings (stories/toy characters are used for younger pupils to help talk about feelings).</li> <li>• Resources/websites to support the mental health of pupils are provided.</li> <li>• Thrive practitioners in school and staff have had training to implement Thrive approaches.</li> <li>• Jigsaw and Ten Ten used to support pupils’ well-being/PSHE.</li> <li>• Well-Being week is planned to re-establish relationships in school</li> <li>• Well-Being catch-ups on entry to school by staff.</li> </ul>	Y		L
<b>7.2 Mental health concerns – staff</b>					
<b>The mental health of staff has been adversely affected during the period that the school has been closed and by the COVID-19 crisis in general</b>	M	<ul style="list-style-type: none"> <li>• Staff are encouraged to focus on their wellbeing.</li> <li>• Line managers are proactive in discussing wellbeing with the staff that they manage, including their workload.</li> <li>• Staff briefings and training have included content on wellbeing.</li> <li>• Staff briefings/training on wellbeing are provided.</li> <li>• Staff have been signposted to useful websites and resources.</li> <li>• Adult Mental Health First Aider trained in school.</li> <li>• BHSF counselling services is accessible for all staff and further services if required can be accessed.</li> </ul>	Y		L
<b>7.3 Bereavement Support</b>					
<b>Pupils and staff are grieving because of loss of friends or family</b>	M	<ul style="list-style-type: none"> <li>• The school has access to trained staff who can deliver bereavement counselling and support. This includes the Council’s critical incident team</li> <li>• Support is requested from other organisations when necessary.</li> <li>• Service to be streamed to pupils on the anniversary of Mrs Flynn’s death.</li> <li>• Pastoral support available for staff and pupils and external referrals if required.</li> <li>• External agencies to support pupils’ individual loss.</li> <li>• 23<sup>rd</sup> March – National Reflection Day – minute’s silence and collective worship to remember those who we have lost</li> </ul>	Y		M

<b>8. Governance and Policy</b>					
<b>8.1 The role of Governors</b>					
Lack of governor oversight during the COVID-19 crisis leads to the school failing to meet statutory requirements.	L	<ul style="list-style-type: none"> <li>The governing body continues to meet regularly via online platforms.</li> <li>The governing body agendas are structured to ensure all statutory requirements are discussed and school leaders are held to account for their implementation.</li> <li>The Headteacher’s report to governors includes content and updates on how the school is continuing to meet its statutory obligations in addition to covering the school’s response to COVID-19.</li> <li>Regular dialogue with the Chair of Governors and those governors with designated responsibilities is in place.</li> <li>Minutes of governing body meetings are reviewed to ensure that they accurately record governors’ oversight and holding leaders to account for areas of statutory responsibility.</li> </ul>	Y		L
Governors are not fully informed or involved in making key decisions	L	<ul style="list-style-type: none"> <li>Online meetings are held regularly with governors.</li> <li>Governing bodies are involved in key decisions on reopening.</li> <li>Governors are briefed regularly on the latest government guidance and its implications for the school.</li> <li>Weekly updates with the LAC chair form SLT.</li> <li>LAC chairs meet weekly across the academy.</li> </ul>	Y		L
<b>8.2 Policy Review</b>					
Existing policies on safeguarding, health and safety, fire evacuation, medical, behaviour, attendance and other policies are no longer fit for purpose in the current circumstances	L	<ul style="list-style-type: none"> <li>All relevant policies have been revised to take account of government guidance on social distancing and COVID-19 and its implications for the school.</li> <li>Behaviour policies recognise that adverse experiences of lockdown and or lack of routine and regular attendance at school may lead to levels of disengagement, anxiety and behavioural responses setting reasonable and proportionate expectations of behaviour and make appropriate provision to support Staff, pupils, parents and governors have been briefed accordingly.</li> <li>Governors have approved revisions</li> <li>A review of the child protection policy to reflect the move to remote education for most pupils has been undertaken.</li> <li>This is reflected as a coronavirus (COVID-19) addendum that summarises related changes</li> <li>All staff are aware of the revised policy.</li> </ul>	Y		L

<p><b>Covid 19 outbreak in group, whole school or area lockdown will further disrupt learning</b></p>		<ul style="list-style-type: none"> <li>• A remote education plan is in place that covers continuing education provision at a group, whole school and local area lockdown level</li> <li>• High quality online and offline resources and teaching videos have been sourced, quality assured and approved – these will be applied consistently across all groups</li> <li>• Remote education is integrated into the school’s curriculum planning</li> <li>• Printed resources are available for those that cannot access the internet physically or cognitively</li> <li>• The curriculum is planned to ensure that knowledge and skills are built incrementally, and clear explanations of content are delivered by a teacher in school through high-quality curriculum resources and/or videos with face-to-face virtual contact as appropriate – ideally daily</li> </ul>	<p>Y</p>		<p>L</p>

<b>9. Other operational issues</b>					
<b>9.1 Review of fire procedures</b>					
Fire procedures are not appropriate to cover new arrangements	L	<ul style="list-style-type: none"> <li>Fire procedures have been reviewed and revised where required, due to:               <ul style="list-style-type: none"> <li>Social distancing rules during evacuation and at muster points</li> <li>Possible need for additional muster point(s) to enable social distancing where possible</li> </ul> </li> <li>Staff and pupils have been briefed on any new evacuation procedures.</li> <li>Incident controller and fire marshals have been trained and briefed appropriately.</li> </ul>	Y		L
Fire evacuation drills - unable to apply social distancing effectively	L	<ul style="list-style-type: none"> <li>Plans for fire evacuation drills are in place which are in line with social distancing measures.</li> </ul>	Y		L
Fire marshals absent due to self-isolation	L	<ul style="list-style-type: none"> <li>An additional staff rota is in place for fire marshals to cover any absences and staff have been briefed accordingly.</li> </ul>	Y		L
<b>9.2 Contractors working on school site</b>					
Contractors on-site whilst school is in operation may pose a risk to social distancing and infection control	L	<ul style="list-style-type: none"> <li>Ongoing works and scheduled inspections for schools (e.g. estates related) have been designated as essential work by the government and so are set to continue. These will be organised outside of school hours wherever reasonably practicable</li> <li>An assessment has been carried out to see if any additional control measures are required to keep staff, pupils and contractors safe.</li> <li>Assurances have been sought from the contractors that all staff attending the setting will be in good health (symptom-free) and that contractors have procedures in place to ensure effective social distancing is always maintained.</li> <li>Alternative arrangements have been considered such as using a different entrance for contractors and organising classes so that contractors and staff/pupils are kept apart.</li> <li>Social distancing is being maintained throughout any such work and where this is not possible arrangements are reviewed.</li> <li>In addition to arrangements for COVID-19, normal contractor procedures are being applied and have been updated in light of COVID-19 (including contractor risk assessments and method statements, and contractor induction).</li> </ul>	Y		L
